My office phone always rings to my cell, FYI. If you want to text my EPA cell, that number is 469-600-3158. I see I have editing powers on response.epa.gov; that's great. I'll need a draft desk statement to run up the chain. Any input you have will help me form it up.

I'm here at the Lab and ready to help in any way. 10625 Fallstone Road, Houston TX 77099.

Sincerely,

Carmen Assunto
